

Ph.D. Course Requirement

Submit this form to the MAE Department Graduate Coordinator together with your Preliminary Examination form.

Last Name:	First Name:	Student ID#
Email:	Faculty Advisor:	
Preliminary Examination Subject Area:		Quarter/Year of Preliminary Examination
Ph.D. degree requirements to be completed by:		

The course requirement for the Ph.D. degree is three (3) non-research, technical, graduate-level courses beyond the M.S. degree. These may be courses completed successfully prior to conferral of the M.S. degree but not counted towards the M.S. degree requirement; and/or courses completed successfully after conferral of the M.S. degree. The three courses must be approved by the MAE Graduate Advisor and may not include MAE 200A, MAE 200B, or any core graduate course in the major area the student selects for the Preliminary Examination (for a listing of core courses, consult the MAE M.S. Plan of Study). It is expected that at least two of the three courses are from the MAE Department.

Three required courses meeting the above criteria:

Department	Course number	Course Name	Units	Quarter/Year	Grade

The student is strongly encouraged to take courses in addition to this requirement in order to enrich his/her educational experience.
