## **TEMPORARY ADDITIONAL LAB ASSIGNMENT POLICY**

**Effective July 1, 2024**

In some cases, award a large grant necessitates assignment of new space, be it laboratory space or research personnel seating. Such spaces are in addition to the space already allocated to the PI(s) involved in the new endeavor. Such assignments have a temporary nature. No more than 12 months after the expiry of the award that necessitates such an assignment, continued use for the same purpose will be evaluated. The evaluation will be primarily based on the levels of research activities and funding of the main PI(s), which would be expected to be commensurate to the levels that led to the initial assignment. All reassignments will be similarly structured, with a clear timeline for evaluation.
